## Topic Description:

1. **Welcome Presentation.** Presentation welcoming everyone to the conference. State the goals and review agenda.
2. **NMCI is Here.** Describes the history of the NMCI program and the status. Also discusses why the Marine Corps is transitioning to NMCI and its importance.
3. **Deployment Support Overview.** An extension of the COI Network Architecture. What are the processes, procedures and rules for leaving the network and then re-entering such as when one goes on travel, is deployed, etc.
4. **CAC/PKI Issues.** Discuss the purpose of the CAC card and how it will be utilized for use within the NMCI network after implementation. Also discuss process for obtaining PKI Certification during cutover transition. Need to address users logging in from home and for off-site support contractors.
5. **NMCI Update.** Brief overview from an EDS perspective on the progress of the transition to include training. Specifically discuss user interaction with EDS during cutover such as the process for data migration, training, etc. Also discuss interaction after cutover.
